### ***Hydrocarbon Processing* is seeking a Technical Editor**

Since 1922, management and technical professionals from petroleum refining, gas processing, petrochemical/chemical and engineer/constructor companies throughout the world have turned to *Hydrocarbon Processing* for high-quality technical and operating information.

The Technical Editor will lead all technical aspects of *Hydrocarbon Processing's* editorial products (magazine, events, data, etc.) while being an integral part of the editorial team.

#### **Skill Requirements**

- Oil and gas or chemical industry experience
- Engineering degree
- Authored technical papers
- Works well in a collaborative environment
- Excellent verbal and written skills
- Proficiency in Microsoft Office products (Outlook, Excel, Word, etc.)
- Target-driven, self-motivated and professional

#### **Preferred**

- Experience in refining, petrochemical or gas processing sector a plus
- Master or PhD in Process or Chemical Engineering

This is a part-time position that offers flexible working hours. Please send your resume with a cover letter to [resumes@gulfenergyinfo.com](mailto:resumes@gulfenergyinfo.com). No phone calls please.
